Summary of Fee Options

Our initial meeting of one hour is free – we may charge an Advice Fee for our time after this at our standard rate of \$170 per hour. At this meeting, I will explain how we operate, what you can expect and our payment options. All fees and commissions payable by you will be explained to you at the time advice is given and fully detailed in a Statement of Advice, Record of Advice and Product Disclosure Statements (PDS). You will have the ability to “select” your preferred payment option prior to the provision of personal advice.

Below is a summary of our payment options, which are inclusive of GST:

Adviser Service Fee Upfront/Entry Fee/Contribution Fee/Initial Commission -

Adviser Service Fee Upfront/Entry Fee/Contribution Fee - The product provider deducts the fee from the funds invested and pays this to Consultum. This fee may be up to 4.4% dependent on the product provider and the specific product recommended.

Initial Commission - The product provider pays the initial commission to Consultum. This amount is not an additional cost to your entry fee. This commission may be up to 5.5% dependent on the product provider and the specific product recommended.

Where insurance products are recommended, the insurance provider may pay Consultum an initial commission based on the value of your premium. This may be up to 125% of the value of the premium.

Adviser Service Fee Ongoing - The product provider deducts the fee from the account balance and pays this amount to Consultum. The amounts paid will depend on the investment value and will continue for the duration of your account. This fee may be up to 1.1% per annum.

Ongoing commission - Ongoing commission is factored into the cost of the product and is paid by the product provider to Consultum. The amounts paid will depend on the investment value and will continue for the duration of the investment product. This commission may be up to 1.1% per annum.

Where a life insurance policy is renewed, the insurance provider may also pay a renewal commission. Where this happens the commission may be up to 35% of the value of the renewal premium amount.

Deferred Entry Fee - The product provider will not deduct any entry fees from the funds invested. The initial commission that is paid to Consultum is recouped via higher ongoing fees for a specified period of time. This fee may be up to 1.1% per annum.

Adviser Service Fee Once-Off - The product provider deducts a once-off fee for the services provided to you in relation to your account and pays this to Consultum. This fee may range up to 4.4%.

Financial Planning Advice Fee - You may be charged a fee, based on either the time we spend developing the plan and/or the value of the funds you invest. Our current hourly based rate is \$170 per hour. Our plan (Statement of Advice) based fees range upwards from \$650 and price varies depending on scope and complexity.

Through discussion, any combination of the above options may be negotiated.

Do any relationships or associations exist which might influence you in providing me with the financial services, other than what has already been outlined in the FSG?
