Industry Education, Experience & Areas of Interest & Expertise

Roger has a Bachelor of Business/Arts, a Diploma of Financial Planning and has been awarded Certified Financial Planner status (CFP) by the Financial Planning Association, after completing the Financial Planner Certification Assessment Program. He started his industry experience as an accountant before moving full time into the financial planning industry in 2000. Over the past 7 years Roger has been involved in superannuation, investment and insurance advice across a spectrum of clients ranging from young wealth accumulators through to high net worth individuals. His areas of expertise are establishing investment portfolios and superannuation with a focus on Self Managed Superannuation Funds.

Investment Style

Roger's focus is on achieving financial goals over time by applying sound investment principals and financial strategies. After an initial review of a client's financial position and identification of goals, specific strategies are employed to achieve these measurable outcomes. Financial products such as managed funds, shares, fixed interest and cash deposit products are all important components of investment strategies and are used in accordance with the client's personal situation to achieve their goals.

How I am paid?

What amounts do my employer and other related entities receive?

The product providers pay fees and commissions to Consultum which are explained in the Financial Services Guide and also below. Consultum charges Moneywise Global Pty Ltd a flat monthly fee and all fees and commissions earned are 100% retained by Moneywise Global. Moneywise Global remunerates me via a base salary and productivity incentives, based on any actions or outcomes that you achieve based on my recommendations.

These incentives are paid to me by Moneywise Global for recommendations accepted by you and range from \$10 to \$100 for each recommendation (paid on completion only). Any incentive payments I receive are **not an additional fee payable by you**.

Summary of Fee Options

Moneywise Global does not charge any Upfront/Initial Commissions or Upfront/Initial Adviser Services Fees on Superannuation/Investment recommendations. Only Ongoing Commissions and Fees are payable and these charges are outlined below. Where I receive a portion of the fees and commissions payable to Moneywise Global, these are also explained below.

Please note that all fees and commissions payable by you will be explained to you at the time advice is given and fully detailed in a Statement of Advice, Record of Advice and Product Disclosure Statements (PDS).

Below is a summary of our payment terms, which are inclusive of GST:

Upfront Insurance Commission - Where insurance products are recommended, the insurance provider may pay Consultum an initial commission based on the value of your premium. This may be up to 125% of the value of the premium and will be payable to Moneywise Global. Where insurance is recommended outside superannuation, then I may also be entitled to receive 30% of the commission payable to Moneywise Global.

Ongoing commission - Ongoing commission is factored into the cost of the product and is paid by the product provider to Consultum. The amounts paid will depend on the investment value and will continue for the duration of the investment product. This commission may be up to 0.5% per annum.

Where a life insurance policy is renewed, the insurance provider may also pay a renewal commission. Where this happens the commission may be up to 16.5% of the value of the renewal premium amount.

Financial Planning Advice Fee - You may be charged a fee ranging from \$500 to \$3,000 for the preparation and provision of a Statement of Advice. The fee payable will be dependent on the level of complexity of the advice being provided and will be agreed to prior to the commencement of any work. This fee will be retained by Moneywise Global and I may be entitled to retain 20% of this fee.

Do any relationships or associations exist which might influence you in providing me with the financial services, other than what has already been outlined in the FSG?

No.
